Big Hero 6: Art of Animation

LP2

THURS 8:45pm

Walt Disney Animation Studios' Animation Supervisors Brent Homman, Michael Franceschi and Jason Figgio present Big Hero 6: The Art of Character Animation. They will share the research, development and inspiration the animation department underwent including: pre-production, visual development, modeling, rigging, posing and character exploration. They will focus on the challenges of the film including a large cast of main characters and the variety of animation needed for the film from subtle moments to action scenes. Big Hero 6 Hiro Hamada (voiced by Ryan Potter) is a boy genius who attends the San Fransokyo Institute of Technology. He's joined by Go Go Tamago (Jamie Chung); Wasabi (Damon Wayans Jr.), Honey Lemon (Genesis Rodriguez), Fred (T.J. Miller) and Baymax (Scott Adsit) all wind up to battle a villain whose identity is concealed behind a Kabuki mask.
